

FCC Commissioners: I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides me variety and quality that are not available elsewhere. I pay for these services and strongly believe the National Association of Broadcasters should not be allowed to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming that Americans demand and deserve. Thank you.
